Provided it is eligible, your tax return will be filed electronically.

Your completed tax return package will contain a copy of your return, the information you provided for the preparation of your return and an electronic filing consent form (if your return is eligible to be filed electronically). We are obliged by law to have a signed copy of the electronic filing consent form on hand before electronically filing your return. **Please review**, **sign and return the electronic filing consent form to us as soon as you receive it.**

Principal Residence

The rules regarding the reporting of principal residence sales or transfers have changed.

Starting in 2016, taxpayers are required to report the disposition of their principal residence regardless of whether or not any gain resulting from the disposition is fully sheltered from tax by the "principal residence exemption".

Please refer to the **Principal Residence Disposition** section of the enclosed organizer if you have disposed of your principal residence in 2018.

Should you have any questions regarding the preparation of your personal tax return, or the information contained herein, please contact us: (403) 262-2116 or mailbox@buchananbarry.ca.

Direct Deposit for Government Payments

The Government of Canada is switching from cheques to direct deposit for all government payments, including tax refunds and credits. To avoid the inconvenience of a missed or late tax refund or credit, you should consider direct deposit. Sign up instructions and forms are available on the Canada Revenue Agency's website: <u>http://www.cra-arc.gc.ca/directdeposit/</u>.

Alternatively, we can set-up your direct deposit information when preparing your income tax return. To have us do so:

- 1. Please indicate on your tax organizer that you wish to be enrolled in direct deposit; and
- 2. Please attach a VOID cheque to the organizer.

Foreign Property

The reporting requirements for "specified foreign property" can be very onerous to comply with which may result in additional fees because of the additional time involved. Failure to properly report "specified foreign property" can attract significant adverse tax consequences.

Even property held in Canada can constitute "specified foreign property", such as shares of U.S. or European corporations held in a Canadian investment account or debts owed by non-residents. Please refer to the **Foreign Income Verification Statement** section of the enclosed organizer if you had "specified foreign property" with an aggregate cost greater than \$100,000 CAD at any time during 2018.
