2021 Personal Income Tax Return

It is once again time to prepare your personal tax return. The 2021 return is due **May 2, 2022**, unless you or your spouse (if applicable) were self-employed in 2021, in which case the return is due June 15, 2022. In all cases – self-employed or not – any tax owing is due by **May 2, 2022** after which interest charges will apply.

We are enclosing a **Personal Tax Organizer** to assist you with gathering your personal tax information. Please be sure to provide us with your personal tax information as soon as possible (**no later than April 14, 2022**) including details of any changes in your personal circumstances (such as marital status, new child, new address, *etc.*).

Provided it is eligible, **your tax return will be filed electronically.**

Your completed tax return package will contain a copy of your return, the information you provided for the preparation of your return and an electronic filing consent form (if your return is eligible to be filed electronically). **We are obliged by law to have a signed copy of the electronic filing consent form on hand before electronically filing your return. Please review, sign, and return the electronic filing consent form to us as soon as you receive it.**

Given the ongoing complexities of the Covid-19 pandemic, members of our team will be in contact regarding collection of your completed tax return package and materials, signing of the electronic filing consent form, and whether this should be done electronically or by mail.

Payments and Remittances

The Government of Canada recently released proposals that require all payments and remittances made to the Receiver General, in excess of \$10,000, to be made through electronic means.

Electronic means includes in person at a financial institution, online using your financial institution's online banking services, and using the CRA My Payment service.

Failure to make such payments electronically can attract a \$100 penalty for each failed payment.

Exceptions to the penalty will apply where the payer or remitter cannot reasonably make the payment through electronic means.

Should you have any questions regarding the preparation of your personal tax return, or the information contained herein, please contact your designated Buchanan Barry team member. General inquiries can be made at (403) 262-2116 or mailbox@buchananbarry.ca.

Tax information is also available on our website www.buchananbarry.ca.

Thank you for the opportunity to be of service again this tax season!

Direct Deposit for Government Payments

The Government of Canada is switching from cheques to direct deposit for all government payments, including tax refunds and credits. To avoid the inconvenience of a missed or late tax refund or credit, you should consider direct deposit. Enrollment instructions and forms are available on the Canada Revenue Agency's website (we are unable to enroll you on your behalf):

<https://www.canada.ca/en/revenue-agency/services/about-canada-revenue-agency-cra/direct-deposit.html>.

Foreign Property

The reporting requirements for "specified foreign property" can be very onerous to comply with which may result in additional fees because of the additional time involved. Failure to properly report "specified foreign property" can attract significant adverse tax consequences, including a late filing penalty of \$25 a day to a maximum of 100 days (*i.e.* \$2,500). Please note that the information return to report "specified foreign property" is required to be filed by the same date as your personal income tax return (*i.e.* May 2, 2022 or June 15, 2022 for self-employed individuals).

Even property held in Canada can constitute "specified foreign property", such as shares of U.S. or European corporations held in a Canadian investment account or debts owed by non-residents. Please refer to the **Foreign Income Verification Statement** section of the enclosed organizer if you had "specified foreign property" with an aggregate cost greater than \$100,000 CAD at any time during 2021.
